PUBLIC WORKS INDEX

January-December 1972 Volume 103

Month and Page

HIGHWAYS AND STREETS

Bituminous Pavements

Skid Resistant Pavement Surfaces Jan.–73
Asphalt Durability Studied Jan.–76
Asphalt Pavement Failures: Causes and Cures Jan.–77
Maintenance of Asphalt Pavement on the New Jersey Turnpike Mar.–72
Rubber Adds to Bridge Deck Protection May–88
Hot Rubber-Asphalt Seal Coats to Cure Cracking Streets Jul.–46
Use of Compost as an Asphaltic Concrete Filler Nov.–68

Bridges, Culverts and Tunnels

Permanent Steel Bridge Deck Forms Offer Advantages Jan.–63
Bridge Resurfaced with Latex-Modified Mortar Feb.–63
Determining the Where and Why of Bridge Deterioration Mar.–56
I-95 Bottleneck Will Soon Be a Memory Mar.–76
Flexible Expansion Joints Protect Viaduct Apr.–64
Elliptical Opening Increases Culvert Capacity May–68
Temporary Bridge Installed in Eleven Days May–90
Galvanized Steel Speeds Arctic Bridge Construction Jul.–67
Three-Loading Ratings for County Bridges Aug.–89
Controversy Leads to a Prize-Winning Bridge Design Oct.–71

Concrete Pavements

Skid Resistant Pavement Surfaces Jan.–73
Bridge Resurfaced with Latex-Modified Mortar Feb.–63
A Different Concrete Offers Reduced Maintenance Costs Aug.–87

Construction Methods

Permanent Steel Bridge Deck Forms Offer Advantages Jan.–63
The Sidewalks of New York Mar.–84
Vacuum Hardening of Concrete–State of the Art May–94
Control of Erosion and Sediment Deposition Jun.–68
Good Management Pays Off at Crowded Construction Site Oct.–74

Design

Gravel Beds for Highway Safety Mar.–121
Traffic Noise Reduction by Earth Berms Apr.–84
The Step Street Jun.–92
Roadside Bunkers to Trap Runaway Trucks Jul.–55
Highway Department Builds Experimental Sound Barrier Nov.–78

Drainage

Herbicides Keep Drainage Channels Flowing Freely Apr.–76
"No-Cost" Contract Will Clear River ... Apr.–100
Elliptical Opening Increases Culvert Capacity May–68

Equipment

How to Specify a Loader: Sizing It to Production Requirements Mar.–64
How to Specify A Loader: Getting the Right Machine Apr.–78
Drill Rig is Valuable Highway Department Tool Jun.–97
Equipment Selection and Purchasing .. Jul.–77
Excavator Aids County Highway Maintenance Program Sep.–89
Putting Man on Wheels Increases Productivity Sep.–105

Month and Page

What's New in Trucks for the Public Works Field Nov.–56
Propane Carburetion a Natural in Desert City Nov.–62
Maine DOT Chooses Diesel Power Nov.–66
A Shift in the Right Direction Nov.–86

Esthetics and Beautification

Urban County Benefits from Sediment Control Policy Mar.–66
Traffic Noise Reduction by Earth Berms Apr.–84
Freeway Beautification Planned May–72
A Philosophy for Landscape Design for Highways and Expressways May–86
Vermont Shows the Way with Junk Vehicle Program May–104
Village Wins National Recognition May–120
Control of Erosion and Sediment Deposition Jun.–68
Utility District Has Concern for Environment Jun.–106
Wyoming Highways and Environmental Improvement Jul.–61
Guidelines for Planting and Maintaining Shade Trees Jul.–62
Operating a Municipal Nursery Sep.–87
Porous Concrete for Tree Wells Oct.–99
Total Sanitation Concept Important to Growing Suburb Nov.–64
Highway Department Builds Experimental Sound Barrier Nov.–78

Finance, Legal and Planning

Consultant Compensation Schedules in Public Highway Works Jan.–59
How to Specify a Loader: Sizing It to Production Requirements Mar.–64
Interchange Built on Reclaimed River Area Jun.–60
Equipment Selection and Purchasing ... Jul.–77
Ownership vs. Rental of Snow Fighting Equipment Sep.–99
Tire Costs in the Public Works Area Nov.–75

Materials

Offshore Aggregates Investigated Aug.–56
A Different Concrete Offers Reduced Maintenance Costs Aug.–87
Recycling Rubble for Highway Purposes Oct.–87

Maintenance Plans and Programs

Innovative Highway Maintenance Techniques Feb.–46
Determining the Where and Why of Bridge Deterioration Mar.–56
Developments in the Maintenance of Structures Apr.–56
Night Work on Toll Highways Jun.–62
Camera Car Requires Unique Electrical System Jul.–66
Housekeeping on Arterial Highways-A Committee Responsibility Sep.–90

Parking

The Parking Garage: Tonic for Downtown Doldrums Jan.–56
A Better Way to Clean Parking Meters . Feb.–80
Parking Garage is Seven-Month Baby ... May–101
Airport Garage Protected Against Brine Damage Aug.–77

Safety

Skid Resistant Pavement Surfaces Jan.–73
Gravel Beds for Highway Safety Mar.–121
A Lightweight, Safer Barricade May–81
Roadside Bunkers to Trap Runaway Trucks Jul.–55
New Hampshire Improves Interstate Safety Features Oct.–84
He Hates Hazards–Safety is His Business Dec.–52
User-Powered Call Box System Tested . Dec.–65
Identifying and Improving High Accident Locations Dec.–75
Arrester Bed Meets Challenge Dec.–80

Month and Page

Snow and Ice Control

High Speed Plowing Test Successful Feb.–17
Dispersal of Soil-Bound Sodium from Highway Salting Feb.–69
Snow-Fighting–The Muskegon Story . Aug.–60
Studying the Problem of Drifting Snow Aug.–70
Mobile Teams Respond to Snow Emergencies Aug.–86
Winter Sanding Operations and Air Pollution Sep.–94
Ownership vs. Rental of Snow Fighting Equipment Sep.–99
Success in Snow Fighting Must Be Earned Sep.–106
Bare Pavement Deemed Essential Sep.–119
Effective Methods for Storing and Using Salt Oct.–76

Stabilized Surface and Base

Road Building Technique Substitutes Packaged Soil for Aggregate Sep.–107

Street Cleaning

Leaf Disposal: The Better Way Jan.–48
Getting the Most from a Street Sweeper May–82
Hapeville Likes Its Vacuum Sweeper Jun.–89
Bridge Rail Lights Scrubbed Mechanically Jul.–82
Diatomite Used to Remove Oil from City Streets Sep.–80
Housekeeping on Arterial Highways –A Committee Responsibility Sep.–90
Total Sanitation Concept Important to Growing Suburb Nov.–64
Elastomer Dirt Runners Save Money for Akron Dec.–77

Street and Area Lighting

Low-Mounted Lighting Systems for Roadways Apr.–69
New Lights Brighten Albany Street Sep.–112
Prune-Back-and-Replant Technique Speeds Viaduct Lighting Project Nov.–73
Lighting Level Improved on Shopping Boulevard Nov.–92

Surface Maintenance

Potholes are Patched Within 24 Hours Jan.–75
Innovative Highway Maintenance Techniques Feb.–46
Maintenance of Asphalt Pavement on the New Jersey Turnpike Mar.–72
The Sidewalks of New York Mar.–84
Hot Rubber-Asphalt Seal Coats to Cure Cracking Streets Jul.–46
How a Contractor Speeded Repairs on Chicago Expressways Aug.–68
Housekeeping on Arterial Highways–A Committee Responsibility Sep.–90

Traffic Engineering

A New Approach to Upgrading Traffic Signal Skills of Public Works Personnel Jan.–79
Surveillance and Control of Freeway Traffic Jan.–84
A Traffic Signal Workshop Series Jul.–72
Identifying and Improving High Accident Locations Dec.–75

Traffic Operations

Snowplow Resistant Pavement Markings to be Studied Jan.–74
Secondary Road Markings Evaluated .. Jan.–88
Striper Features Local Design Improvements Mar.–81
Versatility in Sign Supports Jun.–96
Speed Sensing Device Aug.–58
Three-Loading Ratings for County Bridges Aug.–89
More Traffic, Fewer Injuries Sep.–119
Performance Specification Results in More Durable Street Markings Oct.–102

Month and Page

Turf and Roadside Maintenance

Dispersal of Soil-Bound Sodium from Highway Salting Feb.–69
Better Way to Sharpen Mower Blades Apr.–90
Chemical Weed Program Improves Environment on Transit Right-of-Way Jul.–68
Guidelines for Planting and Maintaining Shade Trees Jul.–62
Median Area Becomes Town Forest Aug.–127
Establishing Embankment Cover–Is Loam Necessary? Dec.–60

Surveying Methods

Grand Canyon Surveyed in Three Days Jan.–44

REFUSE COLLECTION AND DISPOSAL

Collection Methods

Making Curbside Collection Convenient for the Householder Jun.–101
Operation Responsible: Safe Refuse Collection Jul.–51
Nashville Saves with Computerized Refuse Collection Routing Aug.–66

Sanitary Fill

Refuse Milling for Landfill Disposal–Part 2 ..... Jan.–70
Refuse Milling for Landfill Disposal–Part 3 ..... Feb.–49
Conversion to Sanitary Landfill Creates Reorganization Problem Mar.–69
Salvaged Asphalt Retards Landfill Erosion Apr.–62
A Landfill Technique for Pulverized Refuse May–102
Practices in Disposal of Sewage Sludge by Landfill Aug.–84
Total Recycling Plan to Meet Landfill Crisis Sep.–120
How a City Upgraded Its Refuse Disposal Methods Nov.–76

Incineration

Stainless Steel Use in Sludge Incinerator Gas Scrubbers Feb.–55
Modern Incineration for Municipalities Jun.–98
Incinerator to Provide Community Cooling and Heating Dec.–62

Other Disposal Methods

Leaf Disposal: The Better Way Jan.–48
Magnetic Reclamation: A Growing Trend in Solid Waste Management Sep.–103
Recycling Rubble for Highway Purposes Oct.–87

Wastes Management

An Information System for Solid Waste Operation Feb.–102
Land Use Planning and Solid Waste Management Mar.–79
Action at Recycling Center Shows People Really Care Apr.–83
Steel Cans Being Recycled by the Billions Apr.–96
From Pickups and Dumps to "Clean and Green" May–89
Vermont Shows the Way with Junk Vehicle Program May–104
Two-Way Radio Aids Refuse Collection Firm May–134
Operation Responsible: Safe Refuse Collection Jul.–51
Nashville Saves with Computerized Refuse Collection Routing Aug.–66
Hawaii's Environmental Planning Aims at Flexibility in Solid Waste Management Sep.–82
Impediments to Recycling Obsolete Ferrous Scrap Oct.–92
Air and Ground Reconnaissance of Solid Waste Disposal Sites Oct.–116
Foam-Filled Tires Keep Refuse Vehicles Rolling Nov.–84
Computer Speeds Transactions at Refuse Transfer Station Nov.–98
Transfer Station Answers a Refuse Problem Dec.–50

Month and Page

SEWERAGE AND SEWAGE TREATMENT

Finance, Legal and Planning

Regional Sewerage Plan for an 11,000 Square-Mile Area Feb.–44
Sanitary District Emphasizes Progress Mar.–92
The Future of Wastewater Treatment–An Opinion Survey Apr.–52
Water Pollution Control: Progress and Problems Apr.–55
Highway Signs Indicate Approved Wastewater Systems May–84
An Advanced Wastewater Treatment Plant Can Provide Revenue Jul.–49
Turnkey for Municipal Sewage Treatment Plant Projects Oct.–66
Regional Cooperation Solves Pollution Problems Oct.–70

Sewer Systems – Construction

Advances in Sewer System Testing, Part 1 ..... May–99
Advances in Sewer System Testing, Part II Jun.–74
High Density Polyethylene Used for Outfall Sewer Jun.–88
Tunneling Makes Riverside Interceptor Feasible Nov.–70

Sewer Systems – Design

First Water, Sewer Systems for Barrow, Alaska Sep.–69
A Simplified Method to Relate Average Head to Total Flow Sep.–102
Utility Tunnel Ownership and Right of Way Considerations Dec.–67

Sewer Systems – Maintenance

Sewage Bypassed While Repairs Are Made Feb.–96
Planning a Sewer Maintenance Facility for a County Apr.–66
Effective Use of TV Sewer Inspection and Sealing Jul.–74
Sewer Service Gamble Worth $120,000 ..... Oct.–83

Sewage Pumping

Pumping Station Helps Protect New Jersey Meadowlands Aug.–78

Storm Drainage

Urban County Benefits from Sediment Control Policy Mar.–66
Exploratory Drilling for Chicago's Storm Runoff Storage Tunnels Mar.–86
Corrugated Steel Pipe Drains Zoo Parking Lot Mar.–100
Solving the Combined Sewer Overflow Problem of a Major City .. May–106
Control of Erosion and Sediment Deposition Jun.–68
Corrugated Steel Pipes Tame "Dangerous Stream" Aug.–108

Sewage Treatment – Design

Small City Solves Seasonal Industrial Waste Problem Jan.–52
Trickling Filter Plant Upgraded with Extended Aeration Jan.–54
Evaluation of Wastewater Treatment Plants by the National Sanitation Foundation Apr.–80
Biggest Microstrainer in Acceptance Tests Jun.–114
Meeting the Challenge of More Stringent Effluent Quality Criteria .. Aug.–73
Modifying Wastewater Treatment Plants to Meet New Standards Aug.–80
Industrial-Municipal Wastewater Treatment Plant Updated Sep.–78
Consolidated Waste Water Treatment Plant Oct.–24
Regional Cooperation Solves Pollution Problems Oct.–70
What Do You Do With Sludge? Houston Has the Answer Dec.–44

Month and Page

Sewage Treatment – Industrial Wastes

Small City Solves Seasonal Industrial Waste Problem Jan.–52
Survey of Industrial Wastewater Discharges Feb.–16
Inaugurating an Industrial Waste Program Mar.–62
Industrial Waste and the Small City ... Jun.–95
Industrial-Municipal Wastewater Treatment Plant Updated Sep.–78
Balsa Core Strengthens Underground Tanks Oct.–118
Disposal of Rubber Processing Wastes Nov.–114

Sewage Treatment – Operation and Maintenance

Handling a Wastewater Treatment Plant Overload May–76
Practices in Disposal of Sewage Sludge by Landfill Aug.–84
Modern Coating Systems Protect Community Structures Aug.–122
Dry Graphite Film Protects Treatment Plant Units Nov.–85
What Do You Do With Sludge? Houston Has the Answer Dec.–44

Treatment Methods and Research

Dallas Water Reclamation Center to Test New Aeration Process Jan.–44
Physical-Chemical Treatment of Wastewater Jan.–64
Water and Waste Treatment Units Packaged for Arctic Service Jan.–68
Treatment of Combined Sewer Discharges by Aeration Jan.–101
PAC-PCT Process for Wastewater Treatment Feb.–71
How to Reclaim a Poisoned Lake Mar.–59
Manmade Pollution and America's 100,000 Lakes Mar.–87
Solving the Combined Sewer Overflow Problem of a Major City May–106
Rest Stop Wastewater Disposal Jun.–62
Physical-Chemical Techniques for Treatment of Raw Wastewaters Jul.–56
Chemical Precipitation for Phosphate Removal Jul.–88
Modifying Wastewater Treatment Plants to Meet New Standards Aug.–80
Filter Plant Wastewater Treatment Oct.–79
Sodium Aluminate for Removal of Phosphate and BOD Oct.–86
The Role of Daphnia in Wastewater Oxidation Ponds Oct.–89
Air vs. Oxygen in the Activated Sludge Process Dec.–58
A Study of Highway Rest Area Wastewater Disposal Dec.–70
Peroxide Treatment Eliminates "Rotten Egg" Odor Dec.–84

Instrumentation

Pumping Station Helps Protect New Jersey Meadowlands Aug.–78

WATER SUPPLY AND PURIFICATION

Finance, Legal and Planning

HUD Grant Prompts Start on Water Improvements Jan.–78
County-Wide Study Forecasts Water Use Feb.–58
Water Supply – Key to New Industry Feb.–65
Help Available for Your Water Bond Referendum May–108
Getting the Most for Your Money in a Water Meter Jun.–82
Taste and Odor Producing Substances Escalate Water Treatment Costs Aug.–62
Sioux Falls Water System to Use Computer Aug.–116
Computer Streamlines Water Meter Reading Sep.–132
Patience and Persistence Pay Off in Water Supply Oct.–94
Water Board Fleet Requirements: Efficiency, Mobility and Safety Nov.–60
OSHA and You Dec.–47
New Techniques in Promoting Safety Dec.–56

Month and Page

Water Pumping

Wind Gap Plant Starts Water Flowing Uphill Jan.–94
Attractive "Residence" Houses Booster Pump Station Jun.–79
Special Lightning Arresters Protect Pump Motors Sep.–128

Reservoirs and Tanks

Nylon Coated Fabric Rehabilitates Reservoir Feb.–88
First "Embankment Tank" Installation Jul.–96
Learning to Create Attractive Water Storage Facilities Sep.–100

Supply Lines and Distribution

HUD Grant Prompts Start on Water Improvements Jan.–78
Water Supply – Key to New Industry Feb.–65
Water Main Goes Above Ground Mar.–74
Fiber Glass Pipe Will Serve New Recreational Park Mar.–89
Pipeline Provides Terminal Link in California's Water Project May–126
Large Diameter PVC Piping Serves Aquarium Water System Jun.–73
Pipe Sections for California State Water Project Jun.–122
Sitka's Water Supply and Distribution System Aug.–90
First Water, Sewer Systems for Barrow, Alaska Sep.–68
Minimum Size for Water Mains and Standards for Future Growth Nov.–81
Piercing Tools Cut Service Installation Costs Nov.–106
Utility Tunnel Ownership and Right of Way Considerations Dec.–67

Water Treatment – Design and Operation

Memphis Adds a Sixth Water Treatment Plant Apr.–73
Denver Converts to Liquid Alum Apr.–102
Water District Plant Features Design Innovations May–80
Omaha's Platte River Water Treatment Plant Jul.–70
Taste and Odor Producing Substances Escalate Water Treatment Costs Aug.–62
Modern Coating Systems Protect Community Structures Aug.–122
Water Treatment Plant for Today and Tomorrow Oct.–72
Filter Plant Wastewater Treatment Oct.–79
Direct Filtration an Economic Answer to Water Treatment Needs ... Nov.–87
Atomic Absorption Detects Trace Metals Dec.–90

Instrumentation

Frequency Shift Telemetry in Water Distribution Systems Jan.–66
Tone-System Permits Remote Control of Pumping Stations Sep.–92
Mobile Laboratory to Monitor Water Quality Sep.–150
Award-Winning Water Treatment Plant Features Automation Nov.–74

Treatment Methods and Research

Water and Waste Treatment Units Packaged for Arctic Service Jan.–68
New Desalting Technique to Combine Two Processes Mar.–106
How a Lake Aeration System Overcame Water Customer Complaints May–92
Water Brought to Highway Rest Area the "Hard" Way Jul.–78
Ion Exchange System to Treat High-Nitrate Well Water Sep.–81
Reverse Osmosis and Wastewater Treatment Oct.–110

Water Supply and Sources

How a Lake Aeration System Overcame Water Customer Complaints May–92
Airborne Prospects Search for Ground Water Jun.–84
A Case History in Ground Water Collection Jul.–52
Sitka's Water Supply and Distribution System Aug.–90
Water Quality and Agricultural Practices Sep.–144

Month and Page

ADMINISTRATION AND PLANNING

Consultant Compensation Schedules in Public Highway Works Jan.–59
An Experiment in Job Swapping Feb.–56
Shopping Center Spurs Community Facilities Growth Feb.–66
Training Paraprofessionals in Environmental Fields Mar.–82
Change–A Vital Element in Public Works Planning Apr.–59
Systems Analysis for Public Works Planning Apr.–116
Upgrading Employees by Subsidized Continuing Education Jun.–78
Milwaukee's Comprehensive Public Works Department Sep.–74
Innovative Communication System Can Cut Your Costs Sep.–150
Personnel Evaluation Oct.–108
Utility Tunnel Ownership and Right of Way Considerations Dec.–67
Comprehensive Planning and Capital Improvements Program Dec.–54
A Training Program for Public Works Departments Dec.–64

AIR POLLUTION CONTROL

Danger Levels for Air Contaminants .. Feb.–16
Environmental Monitoring System Has Versatility Feb.–64
Highway Air Pollution Study Completed Apr.–60
Space-Developed Smog Detector May–72
Winter Sanding Operations and Air Pollution Sep.–94

BUILDINGS AND SERVICE CENTERS

Planning a Sewer Maintenance Facility for a County Apr.–66

CIVIL DEFENSE AND EMERGENCIES

Temporary Bridge Installed in Eleven Days May–90
"Artificial Ocean" Will Test Oil Spill Cleanup Aug.–56
Transfrontier Air Pollution Measurement Project Aug.–58
Teams Active in Flood Emergency Aug.–86
Data Acquisition for Environmental Control and Flood Forecasting Sep.–66
National Transportation Safety Board Fears Earthquakes Sep.–66

GENERAL AND MISCELLANEOUS

EPA Appoints an Advisory Group Feb.–68
To Save a Sinking City Feb.–74
Western Europe's Largest Downtown Pedestrian Mall Mar.–70
Unmanned Weight Station Uses Closed Circuit Television May–83
Designing Walls to Withstand Concentrated Loads on Backfill Jun.–80
High School Bridges Busy Parkway Aug.–98
Photo Projection Drawing Board Usable in Any Engineering Office Sep.–93
Tragedy Gives Impetus to Downtown Revitalization Sep.–98
Environmental Effects of Polluted Dredgings Are Studied Oct.–25

INSECT AND RODENT CONTROL

Toward A Better Mosquito Control Program Apr.–61
A Mechanical Approach Toward Control of the Greenhead Fly Jun.–90

PUBLIC HEALTH

Natural Radiation Levels Announced Apr.–68

Month and Page

RECREATIONAL FACILITIES

More Municipal Courses in 1971 ..... Apr.–95
The Need and Value of Public Golf Courses Jun.–85
New Jersey Beaches Get Machine Cleaning Oct.–97
Salvaged Auto Wheels Make Attractive Grills Oct.–98
Aeration Saves a Lake Oct.–120

URBAN TRANSPORTATION

Student Patronage Improves Bus Service May–109
Goal for Urban Transportation Jun.–60
Steam Powered Buses are Feasible Aug.–56

ABOUT OUR COVER

Charles E. Shumate ..... Jan.–1 & 16
Jack M. Graham ..... Feb.–1 & 14
Wesley E. Gilbertson ..... Mar.–1 & 16
Ray W. Burgess ..... Apr.–1 & 18
Roy F. Weston ..... May–1 & 18
Eric F. Johnson ..... Jun.–1 & 18
Vern L. Dorsey ..... Jul.–1 & 16
William D. Lamb ..... Aug.–1 & 18
Herbert A. Goetsch ..... Sep.–1 & 18
E. B. Cape ..... Oct.–1 & 16
Jan B. Carter ..... Nov.–1 & 18
Harmer E. Davis ..... Dec.–1 & 18

LEGAL ASPECTS OF PUBLIC WORKS

"Environmental Improvement Authorities Act" Upheld" Jan.–102
Noxious Wastes Deposited in City Sewer Jan.–102
"Borrowed Servant Doctrine" and City Employees Jan.–102
Rock Encountered in Sewer Construction Feb.–110
Trivial Defects in Sidewalks Feb.–110
Payment for Repair of New Water Line Feb.–110
Building Owner's Liability for Garbage Fees of Tenants Mar.–24
Court Declines to Abolish Sovereign Immunity Doctrine Mar.–24
Storm Drain Fee for Building Permit . Mar.–24
Removal of Trees Infected with Disease Mar.–24
Liability for Snow and Ice On Sidewalk Apr.–114
Ordinance Requires Dog Walkers To Clean Up After Pets Apr.–114
Water Rate Fight Decided in Florida . Apr.–114
City's Power to Reject Any and All Bids May–142
Water Main Construction To Serve Private Plant May–142
Construction Gravel Thrown by Children May–142
Cutting or Destruction of Ornamental Trees May–142
Pedestrian Injuries Involving Meter Boxes Jun.–54
Salt Barrel Spillage and Sidewalk Deterioration Jun.–54
"Lowest Responsible Bidder" On Purchase of Vehicles Jun.–54
Operation Permit Denied To Auto Junk Yard Jul.–22
Composting Contractor Wins Damages from City Jul.–22
Methane Gas Explosion At Sanitary Landfill Jul.–22
Court Halts Drainage Through Farmlands Aug.–28
Air Pollution Permits Results in Lawsuit Aug.–28
Sewer Backup Damages Property Aug.–28
Michigan Abolishes "2-Inch Rule" on Sidewalk Defects Aug.–28
Duty to Maintain Traffic Lights Aug.–28
Building Official's Statements Held No Defense Sep.–154
Sewer Connection Ordinance Held Invalid Sep.–154
Removal of Existing Billboards Sep.–154
Town Ordered to Construct Sewage Treatment System Sep.–154
Water Department Employee Injured at City Hall Oct.–134
Motorcycle Restrictions Held Invalid Oct.–134

	Month and Page
Boy Drowns at Refuse Disposal Site ..	Oct.–134
Junk Yard Fence Ordinance Held Valid	Oct.–134
Minority Employment Practices Affect Public Works Bidding	Nov.–120
Sewage Treatment Capacity Determines Annexation	Nov.–120
Contractor Not Entitled To Damages for Bid Rejection	Nov.–120
Duty to Inspect Catch Basin Covers ..	Dec.–106
Adjacent Property Damaged By City Drainage System	Dec.–106
Rapid Transit Authority Act Upheld ..	Dec.–106
Refusal of Franchise To Water Company Upheld	Dec.–106
Main Street Converted To Pedestrian Mall	Dec.–106
